York, commuting and enduring long hours, all while teaching dance classes on the side.

Now here and on the grind full time in LA, they give you a class that maximizes time, leaving you feeling as if you don't need another one right after.

There's also some major toning going on here with power squats, sexy struts and quick bursts of energy that will take you right to the front of the room where you can strike a sexy pose or drop down and swing your hair like a rock star if you please.
